## Training Capability Statement

---

### About GCSTMR

Global Circle for Scientific, Technological and Management Research (GCSTMR), based in Sydney, Australia is an international network of academics and professionals. GCSTMR organises international conferences, seminars, trainings, short courses and workshops. GCSTMR is fully supported by Science, Technology and Management Crest Australia (STAMCA). STAMCA is a registered body with Australian Securities and Investments Commission (ASIC).

Further information on GCSTMR can be found at: <https://gcstmr.com.au>

GCSTMR was founded on the 27th April 2016 in Sydney, Australia. During the last four years, it has successfully organised four World Congresses in Sydney and abroad where over 500 refereed conference papers were presented. Many world leading academics and researchers including Vice Chancellors, Deans, Professors, Industry Experts, Senior Scientists, Young Students and Professionals across the globe in engineering, computing, management and business disciplines have attended the GCSTMR conferences, short courses and training sessions.

The GCSTMR Board consists of academics and industry leaders who are highly reputed in their respective fields. The current Chair of GCSTMR, Professor Dr Ataur Rahman (Professor of Water Engineering, Western Sydney University, Australia) has published over 400 scholarly articles. The total numbers of scholarly publications by the GCSTMR Board Members exceed 1500, and moreover they have completed funded research projects worth \$20 million.

### **Capability to Offer Training and Short Course**

GCSTMR is highly capable and well equipped in offering short courses and trainings in Sydney, China, Malaysia, India, UAE, South Korea and Bangladesh. It has developed and delivered high-quality training courses for government officials, professionals and academics to improve their performances. GCSTMR's expertise includes Engineering, Agriculture, Science, IT, Environment, Climate Change, Public Administration and Management.

GCSTMR's training programs and short courses are meticulously designed by our expert trainers to meet the growing demands of the industry. Our training programs are well-balanced between class room and field components to make these enjoyable by the trainees.

### **Major areas of training and short courses offered by GCSTMR**

1. Academic Writing
2. Agricultural Sciences
3. Artificial Intelligence
4. Climate Change Impact Assessment
5. Construction Management
6. Cyber Security
7. Drinking Water Treatment
8. Engineering Education
9. English Communication
10. Excel for Scientists and Engineers
11. Flood Hydrology
12. Fisheries
13. Geo-technical Engineering
14. Health care with Advanced Computing
15. Higher Education Governance
16. Hydrology
17. Hydraulic Engineering
18. High Performance Computing
19. IOT
20. Life Style: Balancing Health and Mind
21. Local Government Engineering

22. MATLAB, R and FORTRAN Programming
23. Mineral Processing
24. Materials Engineering
25. Mechanical and Manufacture Engineering
26. Machine Learning
27. Navigation and River Training
28. Pavement Design
29. PhD Supervision
30. Power Generation
31. Project Management
32. Project for Funding
33. Public Administration
34. Publish High Indexed Journal
35. River Training
36. Roads and Highway Engineering
37. Smart Grid
38. Statistical Hydrology
39. SPSS
40. Sustainable Urban Design
41. Solar Power
42. Sustainable Development
43. Software Development
44. Strategic Audit
45. Thesis Writing
46. Telecommunication
47. Traffic Engineering and Management
48. Water Resources Engineering
49. Waste Water Treatment

### **Duration of Training**

GCSTMR delivers training for one day to two weeks duration.

### **About Trainers**

Our trainers include leading Academics, Researchers, Scientists, Industrial Experts, IT Experts and Government Officials.

### **Cost**

Cost depends on duration and subject matter of the training and short courses. Please contact the below personnel for specific information on costing.

### **Certificate**

Certificates are awarded to the trainees.

## **Further Contacts:**

- Mrs Jenis Farzana Islam (Office Secretary): [jenisislam04@gmail.com](mailto:jenisislam04@gmail.com), Sydney, Australia
- Professor Dr Chin Leo, Board Member, GCSTMR, Sydney, Australia
- Dr Hasan Hafizur Rahman, Lead Secretary, GCSTMR: [hasanhrahman@hotmail.com](mailto:hasanhrahman@hotmail.com), Sydney, Australia
- Dr Vojislav Ilic, Board Member, GCSTMR, Sydney, Australia
- Dr Md Rezaul Bashar, Treasurer: [mrbiuc@yahoo.com](mailto:mrbiuc@yahoo.com), Sydney, Australia
- Dr Rafiqul Islam, Board Member, GCSTMR, Sydney Australia
- Lt General (Rtd) Abul Hossain, GCSTMR, Dhaka, Bangladesh
- Mr Md Azaher Uddin, GCSTMR, Dhaka, Bangladesh
- Professor Dr Mohammed Abdullah Mamun, Executive Director, GCSTMR Malaysia: [mabmamun7@gmail.com](mailto:mabmamun7@gmail.com), Kuala Lumpur, Malaysia
- Professor Dr Aatur Rahman, Chair, GCSTMR: [ataur38@yahoo.com.au](mailto:ataur38@yahoo.com.au), Sydney, Australia ([https://scholar.google.com.au/citations?user=Efn\\_VmIAAAAJ&hl=en&oi=ao](https://scholar.google.com.au/citations?user=Efn_VmIAAAAJ&hl=en&oi=ao))
